

RACK ATS

(1 phase rack automatic transfer switch
10-32A/2-6kVA)

- Isolated dual AC input
- Accurate synchronization
- Flexible control panel location (Front or Rear);
- It ensures the high MTBF and the system reliability of Inverter system or UPS system

Specification:

MODEL	KTS010	KTS032
Input voltage (Vac)	110/220±25%	
Input frequency (Hz)	50/60Hz±6Hz	
Rated output capacity 110V	1kVA/0.7kW	3kVA/2.1kW
Rated output capacity 220V	2kVA/1.4kW	6kVA/4.2kW
Overload	125%, not limited; 150%≥60S	
Output voltage (Vac)	110/220±25%	
Transfer time (ms)	6-10	
Dimension (mm) (W×D×H)	440×286×1U	
Weight (kg)	4
